Introduction

Garage Management system

The Garage Management System is a valuable tool for automotive repair facilities, helping them deliver top-notch service, increase operational efficiency, and build lasting customer relationships. With its user-friendly interface and powerful features, GMS empowers garages to thrive in a

competitive market while ensuring a seamless and satisfying experience for both customers and staff.

Login the salesforce account and create the given label name and save.

SETUP

Tabs

Custom Tabs

Help for this Page

You can create new custom tabs to extend Salesforce functionality or to build new application functionality.

Custom Object tabs look and behave like the standard tabs provided with Salesforce. Web tabs allow you to embed external web applications and content within the Salesforce window. Visualforce tabs allow you to embed Visualforce pages. Lightning Component tabs allow you to add Lightning components to the navigation menu in Lightning Experience and the mobile app. Lightning Page tabs allow you to add Lightning Pages to Lightning Experience and the mobile app.

Custom Object Tabs

Chats Routed to Agents and Queues	Omni-Channel Flow	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	Managed-Installed			

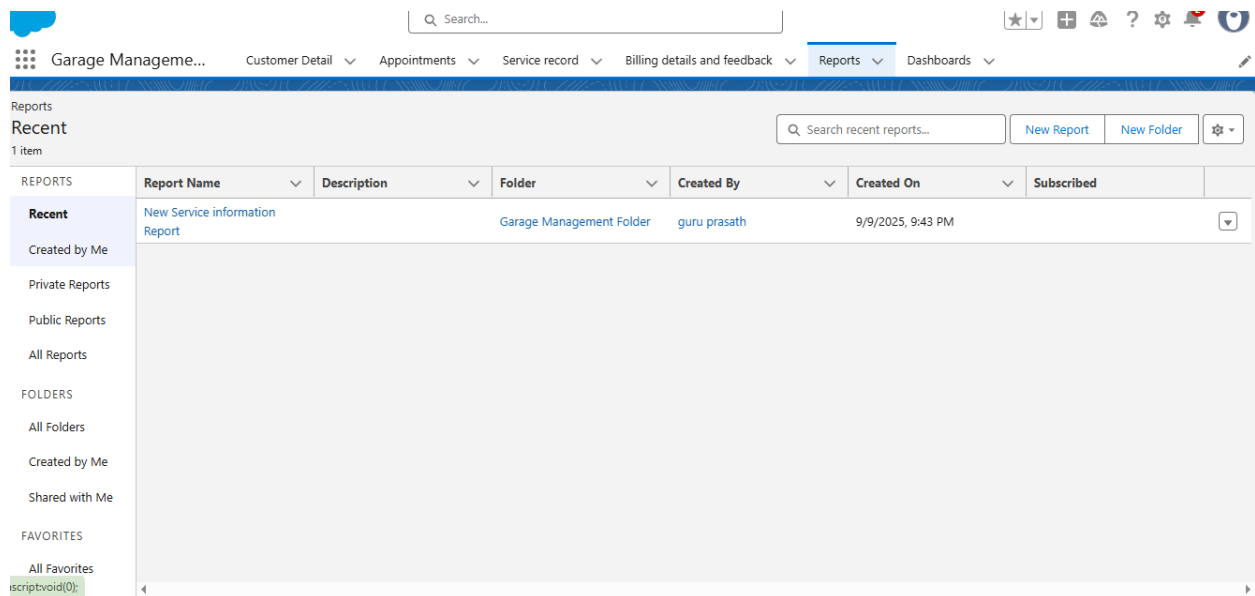

The flows are select the and cretate the flows.

The screenshot shows an IDE window with the file 'AmountDistributionHandler.apxc' open. The code is as follows:

```
1 public class AmountDistributionHandler {
2
3
4
5     public static void amountDist(list<Appointment__c> listApp){
6
7         list<Service_records__c> serList = new list <Service_records__c>();
8
9
10
11        for(Appointment__c app : listApp){
12
13            if(app.Maintenance_service__c == true && app.Repairs__c == true && app.Replacement_Parts__c == true){
14
15                app.Service_Amount__c = 10000;
```

And the apex the open In module and given the coding in the apex.

The reports are created and the name is garage management.

And the last one is the user adoptions then I have create the recorts in adoptions in reports.

Conclusion:

The Garage Management System effectively simplifies and automates day-to-day operations of a garage, including vehicle servicing, customer management, billing, and inventory tracking. By reducing manual work and minimizing errors, the system improves efficiency, accuracy, and customer satisfaction.

...THANK YOU...
